Northumberland

8th Annual Hospice Hike

PLEASE JOIN US!

Sunday, May 6th, 2018

People across Canada are on the move as they celebrate the start of Hospice Palliative Care week by gathering pledges and participating in events to raise awareness for hospice palliative care programs in their local communities.

In Northumberland County trained volunteers with our Hospice Services provide physical, psychosocial, spiritual, and practical support to people living with life-threatening illnesses and for their loved ones.
