

# HomeShare Program

## *Cobourg & Port Hope Pilot*

Are you a HomeOwner or HomeSeeker looking to offset living costs, share household responsibilities and gain companionship in the process? HomeShare may be the program for you!

HomeSharing is an innovative and creative housing option that creates a mutually beneficial relationship between two individuals who want to help each other.

The local HomeShare pilot will focus on matching women, 55 years or older, with other women in the community who are seeking safe and affordable accommodation.
