

Local Grocery Stores Make Changes to help during COVID-19

The following local grocery stores have made changes to store hours and/or pickup and delivery options to better protect and serve members of the community during the COVID-19 pandemic. Thank you to our local grocers and their employees who are working hard and going above and beyond to serve the communities of Northumberland County.

Please note the possibility of increased wait times for delivery and in store pickup due to high demand. If you have any questions, please get in touch with your local grocery store.
